

WOW!!!

You can recover the cost of the bill we give you today!

How?

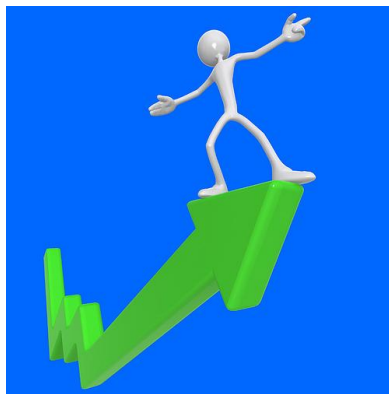

Automatic Bill Elimination

If we gave you a discount, what would you do with it?

If we gave you loyalty shares instead as an investment would that interest you?

Our business now rewards our customers with ABE loyalty shares.

These shares continue to grow in value, long after you have paid your bill.

No other business rewards you like ABE!

NO HIDDEN COST, NO HIDDEN AGENDA.

ABE Loyalty shares earned by you never decrease in value, they just keep growing. To the point where you recover your original purchase cost and then that outlay becoming a long term investment.

You must register the shares to activate them.
