

Reduce your mortgage further by purchasing from our affiliated businesses

It's all about you becoming debt free!

### Member's benefits

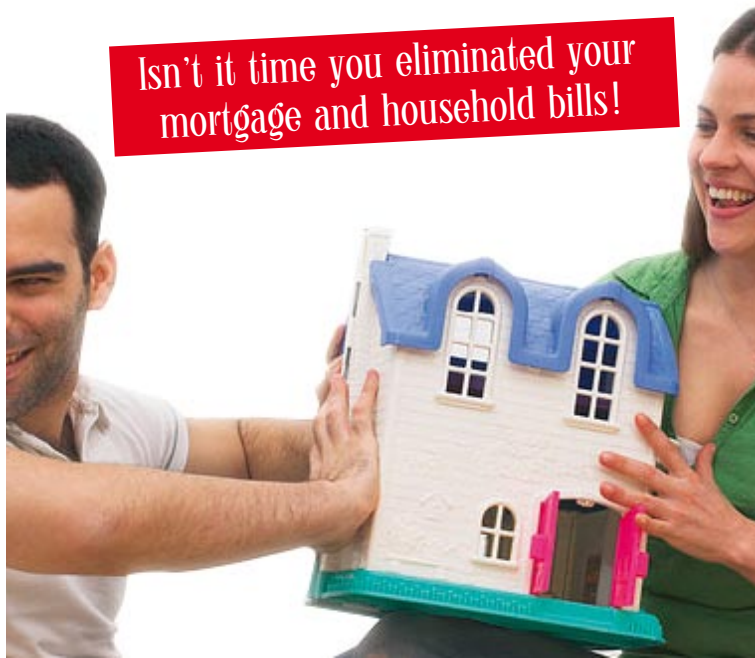

When you become a member with ABE you have access to many services that assist you in eliminating or reducing your mortgage or rent.

### To register

Register online as a member. A small admin. fee of \$15 a month applies. You will quickly eliminate this fee on your first home loan referral. Once a home loan is gained your benefit lasts for the life of the loan - five to 25 years!

What a great way to eliminate your bills!

Isn't it time you eliminated your mortgage and household bills!

### Find out more

Go to our website [www.elimination.com.au](http://www.elimination.com.au) to find out more. You can also fill out an expression of interest form under the home loans link.

# Imagine

your lifestyle with your mortgage taken care of

Great rates!  
Great service!

We provide home loans that actually help reduce or eliminate your mortgage.

## ABE

ABE stands for *Automatic Bill Elimination*. ABE provides our members with benefits and services that assist in reducing or eliminating their everyday household bills.

## Membership

You must be a member to participate in ABE benefits and programs.

ABE membership is all about ABE endeavouring to provide you, our members, with competitive or better market prices/rates, or confirming what you have been offered from outside sources, is a fair price.

## Eliminating your mortgage or rent?

When you use services directly sourced through us, you earn rebates back against your mortgage or rent.

Plus we further help you eliminate your mortgage or rent, by allowing you to be an agent for ABE.

As an agent, you are able to promote any of our services or products that are registered with us. Our main product is home loans.

Any benefits or commissions ABE obtain from the transaction, are shared back to the agent and through the originators of that group. These benefits obtained are used to help members further eliminate or reduce their mortgage or rent. This is a serious debt elimination program.

## Budgets and five year projections

We provide all our members with the tools to construct budgets and five year projections to help them ascertain their financial position. This enables them to manage their funds to meet their commitments or identify liquidity problems.

## Your home loan

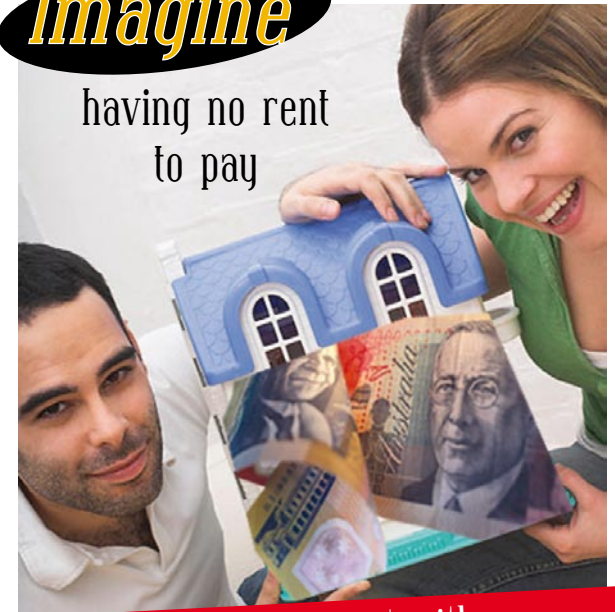

When a member obtains a home loan through us, ABE immediately rewards and reduces their monthly mortgage with an ongoing monthly rebate for the life of the loan that is through us.

You refer, we do all the work!

# Imagine

having no rent to pay

Eliminate your rent with an opportunity to buy your own home.

## Your rent

For any member who is renting, all benefits are offset against their monthly rental. This is banked directly to the landlord or real estate bank account.

## Affiliated Businesses

By using any of our affiliated businesses, this further helps you reduce or eliminate your mortgage or rent.

## Your local community

By you supporting and promoting our affiliated businesses, you personally create sponsorship dollars back to your local community services or charities. Everyone in the community benefits from our program.

ABE specialises in creating interaction between businesses, local organisations and the residents of your area.
