

Everyone is moving their phone, internet, VOIP, prepaid's **over to ABE**

and why wouldn't they!

Most providers only give you a bill at the end of the month and that's it!

**Our customers gain shares, cash dividends, as well as profit sharing
in our business, every month.**

Our success is your success.

Imagine

Optus, Telstra or any other provider giving you shares in their business each month, just for using their services. Plus, giving you a guarantee those shares won't decrease in value!

They don't! We do!

ABE Shares

**ABE is offering you the opportunity of being involved in:
the most** extraordinary loyalty program on the planet
the most realistic incentive offer ever provided to consumers.

Where you gain a discount that is converted into ABE shares in our business, just by using the services we provide. This means our success is your success.

Where your discount continues to grow, long after you have paid for the service. To the point where it could surpass your original service cost and become a long term investment.

Start earning shares NOW

For you to start earning an invested interest in the business, ask your ABE consultant to register you, and ABE will then switch your phone, internet, VOIP or prepaid services over to us.

OR

Test us...

give your service details to our ABE consultant so we can give you a price and the monthly shares you will earn, with their value and their potential value.

It's then your choice if you want to move over to ABE.

It is that easy, what have you got to lose to find out what you will gain from us?

This is a great opportunity for you to have a share in a business, in the knowledge, your shares will never decrease in value and it is all gained simply by using one of ABE services.

No hidden agenda, No hidden cost.

ABE 
Automatic Bill Elimination

How does it work for you as an individual – Step by Step?

1. ABE provides services through our communications business, 05Communciations, including but not limited to:- phone, internet, VOIP, Prepaid (communication services) & Home loans.
2. At no obligation, you provide us with a list of the services you are currently using. We will then give you the price and shares you will earn each month from those services. Click on "Register here" on the front page of our website to provide details.
3. If you then decide to move your services through ABE, you then gain shares each month, valued at \$0.01 per share during a current fiscal year.
4. At the end of each fiscal year (January to December), shares gained are closed off for that year and you then start to earn new shares from services you use the following year.
5. Those shares that are closed off, become eligible to profit share from ABE's Profit Pool.
6. Profit Pool is 20% of ABE's Gross Profit and is shared between all ABE service shareholders.
7. Shares earned for each fiscal year by shareholders, are then increased in value by the nominated percentage of the pool, applicable to each closed off year. Once a share value is established for each individual fiscal year; Those shares never go below that value.

This means, your shares grow in value as ABE grows.

The advantage to you when you have closed shares is, you totally benefit, as only closed shares can participate in the current service years profit share.

You must maintain your services with ABE or be an ABE member, for shares to remain activated. Accounts have to be paid as per our trading terms.

How you benefit from ABE Shares in the Long Term?

This is an example of the potential financial growth you could obtain from ABE shares, from just one month's line rental fee, over a period of years. Line Rental at \$33.95 a month, earns you 500 ABE Shares.

Share Movement Year	2010	2011	2012	2013
The Year, the 500 Shares were gained	2010	2010	2010	2010
Potential value per share	\$0.01	\$0.02	\$0.05	\$0.20
Total Share value	\$5.00	\$10.00	\$25.00	\$100.00
Original One Monthly Rental fee	\$33.95			
Return on Shares reduces cost to	\$28.95	\$23.95	\$8.95	(\$66.05) <i>credit a month</i>

Each year your share value increases and continues to reduce your original purchase costs.

Example of One Month's Prepaid (Mobile)

Share Movement Year	2010	2011	2012	2013
The Year, the 150 Shares were gained	2010	2010	2010	2010
Potential value per share	\$0.01	\$0.02	\$0.05	\$0.20
Total Share value	\$1.50	\$3.00	\$7.50	\$30.00
Original Prepaid Cost	\$30.00			
Return on Shares reduces cost to	\$28.50	\$27.00	\$22.50	(\$0.00)

From the shares you gain; you can potentially recover you original prepaid cost or even turn it into a long term investment. Shares never decrease.

Conditions:

- you must have your services with ABE for one year.
- be an ABE 'member or customer' (*read below*) for shares to remain activated.
- Accounts have to be paid as per our trading terms.

The benefits of you becoming a ABE member

As a member, you become part of a franchise style business without the normal overhead expenses or the worries of running a franchise.

You control your own destiny, the only thing you have to do is signup new customers and members, the rest is done by ABE. The only cost to you is a \$15 a month membership fee. (\$0.50 per day) No Franchise fees for marketing, advertising or commissions back to the main office.

1. By becoming an ABE **member** you automatically become an 'agent' and are eligible to earn further profit share, monthly cash dividends and other benefits.
2. As an agent you can signup new ABE Customer and ABE members. Any services they use earn you 50% of the gross profit, after the 20% pool share is taken out.
3. For every ABE **member** you sign up as an agent, you earn an extra monthly ongoing benefit fee of \$7.50, and any member they sign up is a sub agent to you, earns you a further ongoing fee of \$3.75 a month. This is while each of your agents and sub agents are current and financial.
4. Income earned by you, is transferred into your ABE account, any surplus funds at the end of the month are then offset against your mortgage, electricity, etc. Whatever you have nominated.
5. If there are still surplus funds available after your nominated bills have been paid, the balance is then transferred into your bank account, or if you request, left in credit in your ABE account.

By ABE paying your bills for you, you are stopping your bank hitting you with bank fees.
